## BUSINESS SUMMARY

KONTEK Systems is a small business that collaborates with clients to design, integrate and support audio/visual technology solutions in elegant and effective ways that are future-proof, flexible, provide enhanced measurable results, and are easy-to-use. We also provide industry-leading service and support. Our clients include many of North Carolina's most prestigious research universities, medical centers, corporations, state and local governments, and arts facilities. Our mission is to wow and delight our clients with every project, and to create client-for-life relationships.

## CORE COMPETENCIES

KONTEK Systems is a design/build firm committed to supporting every stage of A/V integration. We have demonstrated expertise in:

- Hyflex Learning & Collaboration/Unified Communications
- Digital Signage and Video Walls
- AV-over-IP Solutions
- Blended/Mapped Projection Systems
